George Grandbouche, DOE, Mining Engineer (Leasing)

G. C. Ritter, BFED, Director, Mining Division

DOE Lease No. NM-B-1

George Warnock called to inform us that he had a BIA lease on the SW $\frac{1}{4}$, Section 18, Township 13 North, Range 10 West. He said that he'd use the adit from ~~DOE~~ lease NM-B-1 for access to the BIA lease and for haulage.

I told him he should stockpile the ore from the BIA lease separately from the ore from NM-B-1 and he understands that. He did say that he also had to get BIA permission to do this. Do we need to approve his stockpiling of BIA ore on the DOE lease? I am also wondering if BIA will have a problem with putting the waste for Section 18 on the DOE lease. It doesn't seem to me to be a problem.
